

Innovative High Power LED Flood Light

Model LD-FL-200W-CL7

Specification

Light Source: LED	Item Type: Flood Lights	LED Light Source: Epistar/Bridgelux
Input Voltage(V): 85-265V	Lamp Power(W): 200	Lamp Luminous Flux(lm): 17000LM
Lamp Luminous Efficiency(lm/w): 85	CRI (Ra>): 80	Color Temperature(CCT): Pure White
Beam Angle(*): 120	Working Temperature(*C): -20 - 60	Working Lifetime(Hour): 50000
Lamp Body Material: Aluminum	IP Rating: IP65	Certification: CE,EMC,LVD,RoHS,SAA
Place of Origin: Guangdong, China (Mainland)	Brand Name: LEAD	Model Number: LD-FL-200W-CL7
Weight: 14 kg	Input Voltage: 85-265V Higher voltage available	Fixture Color: Black
Power Factor: >0.95	Frequency: 47-63HZ	Beam Angel: 120degree
Cover Material: Tempered glass	Application: Billboard, Plaza, park, industrial building, Gym, gas station etc.	Waterproof Rating: IP65
		Delivery Time: 5-7 days

Features:

- Die casting aluminum housing and high intensity toughened glass cover
- Finished with epoxy powder paint, resistant to corrosion
- Finished regular colour: Black
- High quality anodised aluminium reflector
- High efficiency and power factor Meanwell LED driver
- Stainless steel screw
- Water-proof and durable silicon rubber sealing gasket
- Instant start, flicker free, energy saving
- Epistar/Bridgelux high bright LED COB and ideal heat dissipation design
