

# LED Dual Color Control panel

## Model : CP-2.4G

### Features:

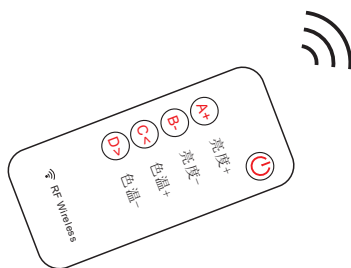

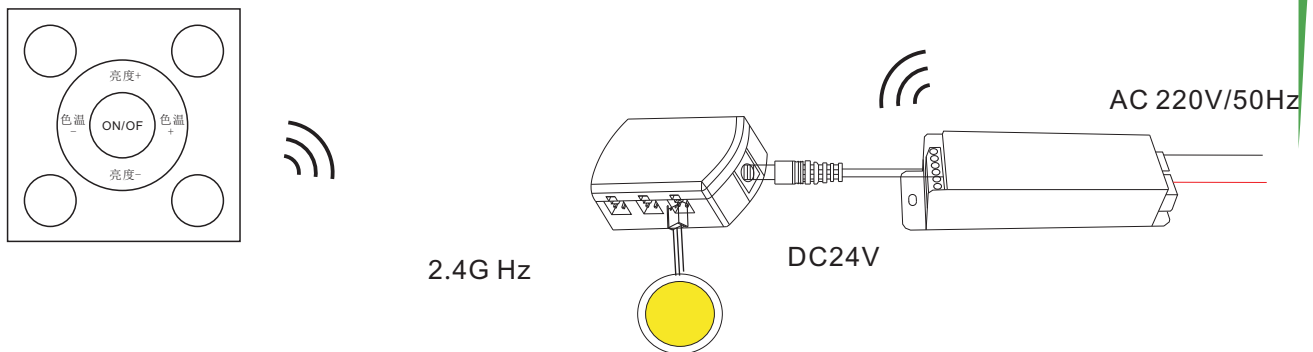

1. Power Load 48W ( DC24V/2A)
2. Small size easy to install
3. High stability
4. Easy to connect
5. LED lights or all kinds of electrical appliances

### Application

- \*Led product
- \*Led Strip
- \*Wardrobe / cabinet lights
- \*All kinds of electrical appliances

Model : CP-2.4G

### Specifications

Description	Touch switch with blue light
Input Voltage	DC12V-24V
Operating Temperature	-20°C~ +50°C
Standby Current	<3mA
Output Current	2A
Output Mode	Induction output
Sensing Mode	Touch Sensing
Cable Length	Output 0.5m, input 1.5m
Dimension	86*86mm
